Coon Rapids Missing Man Found

58-year-old Thomas Ronald Crew, originally reported missing on 5-30-16, was found today at Coon Rapids Dam Regional Park, located at 9750 Egret Boulevard. Crew was deceased when he was found and was located within a heavily wooded area near the boat launch at the park. The cause of death is being investigated by the Midwest Medical Examiner's Office, located in Ramsey. Foul play is not suspected in the case.

Crew was originally reported missing on 5-30-16 after family members said he disappeared the night before (5-29-16). His family said Crew suffered from depression and they were concerned about his welfare. Officers located Crew's vehicle at 11:29 a.m. on 5-30-16 at Coon Rapids Dam Regional Park, but they did not find Crew during search efforts that day, or during searches of the park that took place this week, until his body was found today at approximately 11 a.m.

The Coon Rapids Police Department would like to thank the following agencies for helping with this search effort: Anoka County Sheriff's Office Water Patrol, Brooklyn Park Police, Three Rivers Parks District, Coon Rapids Fire Department, Coon Rapids Police Reserve Unit, Coon Rapids Public Works Department, Hennepin County Sheriff's Department Water Patrol, Anoka County Composite Squadron Minnesota Wing Civil Air Patrol, Minnesota Search & Rescue Dog Association, Minnesota Canine Search Rescue & Tracking. The department would also like to thank the media for sharing information about this missing person case, and thanks to the public for calling the 911 dispatch center with information.
